

The retrieval scores below were collected on the held-out split after a single pass of fine tuning on each of the caption corpora named in the left column, with every other setting left untouched. Numbers are means over three seeds; the spread never exceeded half a point on either benchmark.

Model	BLEU	Rate
Alpha	18.2	0.71
Beta	31.0	0.64
Gamma	42.5	0.58
Delta	27.4	0.66
Epsilon	35.1	0.60

column, with every other setting left untouched. Numbers are means over three seeds; the spread never exceeded half a point on either benchmark. The retrieval scores below were collected on the held-out split after a single pass of fine tuning on each of the caption corpora named in the left

Corpus	Size	Split
News	128	0.80
Web	96	0.75
Books	77	0.90
Talks	54	0.85
Legal	63	0.70
