

## A Callout Panel Around A Real Table

The panel below is a figure; the grid inside it is a table.

| Constituent | Benchmark    | Value     |
|-------------|--------------|-----------|
| Arsenic     | Federal MCL  | 10 ppb    |
| Boron       | Federal HAL  | 6,000 ppb |
| Radon-222   | Proposed MCL | 4,000 pCi |

Sampled wells in the shallow aquifer system ranged widely in depth.
